

## **DANNY FARNHAM NAMED PRESIDENT OF JETCORP TECHNICAL SERVICES**

**St Louis, MO., June 1st, 2009** – JetCorp Technical Services, LLC ("JetCorp"), a leading aviation maintenance, service and aircraft refurbishment company, recently appointed Danny Farnham as President. “Danny has a wealth of experience in aviation business and is a perfect fit to take over as President of Jetcorp Technical Services” stated John Gillespie, CEO of JetCorp Technical Services Inc. and President of their parent company Flying Colours Corp.

Farnham brings more than 40 years of experience in the aviation industry. Before joining JetCorp in 2008, he was the V.P. of Completions/Modifications at Midcoast Aviation in Cahokia, IL. Prior to joining Midcoast, Farnham spent nine years as Chief Inspector and Gulfstream Maintenance Coordinator at The Jet Center in Van Nuys, CA. In addition, Farnham held a variety of positions in the maintenance departments of leading organizations including Trans World Airlines, Northrop Aircraft Co. and Lockheed Aircraft Co. He began his career as an Aircraft Mechanic/Crew Chief in the United States Air Force.

Farnham holds a B.S., Business from the University of Laverne, Laverne, CA, an A.A. from Antelope Valley College, Lancaster, CA and A&P and FCC License, Spartan School of Aeronautics, Tulsa, OK. Danny and his wife Kathy reside in St Louis.
