

Interior Refurbishment and Refinishing Facility Singapore

BOMBARDIER

Flying Colours Corp.[®]

FLEXIBILITY INTEGRITY INNOVATION

A New Fixed Presence for Asia Pacific

Flying Colours offers business aircraft interior refurbishment and refinishing services, from its state-of-the-art facility in the Seletar Aerospace Park, Singapore.

Having successfully served clients worldwide from our North American facilities in Peterborough, Ontario and St. Louis, Missouri, we are proud to expand our reach and commitment to quality to our new facility.

An Unmatched Team of Experts in Business Aircraft Interiors

Our world-class team of experienced managers, highly-trained technicians and talented craftsmen are ready to respond to your aircraft requirements and personal tastes.

A Full Range of Interior Refurbishment and Refinishing Services

Operating within a shared facility and complementing line and heavy maintenance from Bombardier, Flying Colours offers the following services to large and midsize business aircraft operators:

- ▶ Interior Inspections and Evaluations
- ▶ Removals and Reinstallations
- ▶ Repairs
- ▶ Modifications
- ▶ Refurbishment

Newly tooled upholstery, reinstallation, cabinetry and finishing shops are located on-site. Specific work offered by our experts includes:

- ▶ Veneer Changes
- ▶ Cabinetry Repairs
- ▶ Cabinetry Modifications
- ▶ Seat Recovering
- ▶ Pattern Changes
- ▶ Sidewall and Headliner Recovering and Repairs
- ▶ Specialty Applications, including Custom Stitching and Piping

Serving All Large and Midsize Business Aircraft

Working closely with the Bombardier team, our mission is to support all interior refurbishment and refinishing needs on Global, Challenger and Learjet aircraft, including warranty repairs and upgrades. Additionally, our mobile repair capabilities are available to service other aircraft.

Convenience and Efficiency

Refurbishment and refinishing work may be completed during scheduled and unscheduled maintenance inspections, or as needed. Our continuous objective is to manage time with maximum efficiency in order to reduce aircraft downtime.

A Commitment to Quality and Client Satisfaction

As a family-owned-and-operated company, Flying Colours takes pride in our strong integrity and exceptional commitment to client satisfaction. We blend innovation with craftsmanship, and flexibility with focus. Since founding the company, we have always believed that our values set us apart. As we move confidently forward, we intend to deliver truly exceptional service to our valued clients.

Flying Colours Corp.

Founded in 1989, Flying Colours provides comprehensive maintenance, repair and overhaul services, completions and engineering services for business aircraft worldwide.

We hold regulatory approvals from several international aviation authorities, including supplementary type certificates (STCs) for many aspects of refurbishment (avionics, interiors, design, maintenance, exterior paint, in-flight cabin communications, etc.).

We deliver a full range of services, tailored to your aircraft's requirements and to your personal vision. With our commitment to integrity and focus on technical innovation, we strive to stand apart as a global leader.
